

TRAFFIC VIOLATIONS

All persons driving McDowell County Board of Education public school-owned vehicles should be aware that any traffic violations received by them will have to be paid by them provided it is not something that has to do with the maintenance of the vehicle which is the Board of Education's responsibility.

Not only are such violations subject to local fines which may be imposed, but further penalties may be imposed by the Board of Education if the violation is deemed serious enough.

Adoption Date: September 14, 1979
